I’m excited to announce our new Wellness Director, Priscilla Harder. Priscilla is married and has 6 children, and 13 grandchildren. She was an entrepreneur and owned four daycare centers. When her parents became ill, she decided to go to nursing school so she could learn about their medications.

Priscilla has been a nurse for over 15 years and has 8 years of experience as a Wellness Director prior to joining us at Serenades.

She is well-known in the health care community for providing excellent care to her residents. Her attention to detail is impeccable. She is resident focused, and you’ll often find her in the neighborhoods interacting with the residents and staff. She is passionate about caring for residents who have memory loss—and their families because she cared for her father who suffered from Lewy Body Dementia.

Before her father was diagnosed with dementia, Priscilla was a pediatric nurse. She tried a few assisted livings, and with no success in finding a place that offered care for residents with Lewy Body Dementia, she took him home and cared for him. After he passed, Priscilla switched her career to caring for seniors because she saw that there was such a need for people who had a heart for caring for residents with memory loss.

We’re excited to have her as part of the team at Serenades!
